## **APPENDIX B**

### **SMALL ENTITY**

The size standards for Georgia small entities are as follows:

1. A small business is a business with annual receipts of \$3.5 million or less except private practice physicians for which the standard is annual receipts of \$1 million or less.
2. A small organization is a not-for-profit organization which is independently owned and operated and has annual receipts of \$3.5 million or less.
3. Small governmental jurisdictions are governments of cities, counties, towns, school districts, or special districts with a population of less than 50,000.
4. A small educational institution is one that is (1) supported by a qualifying small governmental jurisdiction, or (2) one that is not state or publicly supported and has 500 employees or less.

### **SMALL ENTITY LOWER TIER**

Small businesses and not-for-profit organizations with annual receipts of less than \$250,000 and small governmental jurisdictions with populations of less than 20,000 qualify for the lower tier small entity fee.
